

Why Joint Expeditionary Force Experiment (JEFX)?

JEFX is a biennial Air Force experiment combining live-fly and simulation in a realistic warfighting environment in which warriors evaluate new operational concepts, technologies and processes.

The JEFX goal is transitioning capability to the warfighter.

INCREASED **CAPABILITY** for the Expeditionary Aerospace Force of the 21st Century

- Integrated Total Force
- Tailored Forces
- Self-Sustaining Combat Support
- Rapidly Deployable
- Light, Lean, Lethal, Decisive Aerospace Power

JEFX - A TRANSFORMATION CATALYST, BRINGING ENHANCED WARFIGHTING CAPABILITY TO THE JOINT FORCE
